**Holiday Miracles Can Happen With Shriners Hospitals for Children...And You!**

[Donate Now](#) | [Forward to a Friend](#)

Dear Friend,

Do you believe in miracles? Brittany does. Once you know her story, I hope you will too.

[When you donate to Shriners Hospitals for Children this year](#), you will be giving hundreds of boys and girls like Brittany a chance to heal and an opportunity to lead a more fulfilling life.

To these brave kids, it feels like a miracle.

Children with serious burns and spinal cord injuries come to Shriners Hospitals for Children for help and hope. While other kids dream of bikes and dolls wrapped in bright red bows, many of these children are fighting for their lives far from home.

Can [your generous gift](#) really make a difference? Just ask Brittany. She was involved in a car accident just before Christmas last year. Her parents were told she might not survive. Then after a spinal fusion surgery, they were told their 10-year-old daughter would never walk again.

Except Brittany did walk. Earlier this year at Shriners Hospitals for Children, she took her first steps since the accident. It feels like a miracle – and the steadfast support of people like you made it possible.

Please say you will [make a holiday miracle possible](#) this year, through Shriners Hospitals for Children.

★ [Donate Now](#)

For believing in miracles, thank you. [Your tax-deductible, year-end donation of \\$50, \\$100, \\$150, or more](#) today will mean so much to a child like Brittany.

Warmest wishes for a Happy New Year,

Jack H. Jones  
Chairman of the Board of Directors  
Shriners Hospitals for Children

P.S. Right now, a little boy or girl wishes only to feel better—so please give generously. [Donate by Dec. 31st](#), and you may be eligible for a deduction on your 2009 taxes. Again, my thanks to you.

Remember...  
Gifts made before December 31 may be deductible on your 2009 taxes!
